Anjum M Shaikh

Software Engineer

Profile summary:- **Software Engineer** with over 2 years of experience designing, building, and configuring web applications, primarily using React.js & PHP (Laravel). Adept at delivering scalable and efficient front-end solutions, I bring expertise in JavaScript technologies and seamless integration with RESTful APIs. With a strong foundation in web development best practices, I have contributed to projects in Fintech, Ed-tech, and SAAS domains, ensuring smooth functionality and performance optimization. Holding a BE in Electronics & Telecommunication and based in Hadapsar, Pune, I am dedicated to driving business success through innovative and impactful web applications.
